4. Find a synonym (a word that means the same).
5. Find an antonym (a word that means the opposite).
6. Has it got a prefix or a suffix? Could you add one?

READING

My Best Friend

My best friend's an angel,
My best friend's a queen.
My best friend's a menace;
She's really rather mean.

My best friend adores me,
My best friend can share.
My best friend ignores me;
She loves to pull my hair.

My best friend's a wonder,
My best friend's not shy.
My best friend tells secrets;
She always seems to lie.

So I guess She's not really
My real best friend at all
Because...

My real best friend is loyal,
My real best friend can't talk.
My real best friend just barks and wags
When we go for a walk.

Read the text again and then answer these questions.

Do you think this 'friend' is really a good friend?

What evidence is in the text that shows this?

Who or what do you think the last verse is referring to?

What evidence from that last verse tells you this?

What do the following words mean: loyal, adore, menace?
